

EBENEZER KWAW

Digital Marketing Specialist | Integrated Campaigns, Paid Media & Performance SEO

Accra, Ghana | +233 24 483 7234 | ekwaw4545@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFILE

Digital marketer with hands-on experience planning and running integrated campaigns across search, social and paid media, owning execution end-to-end for agency and client accounts. Directed a Meta Ads campaign that generated 23 qualified leads in three days and manages Google Ads and Meta Ads Manager campaigns alongside technical SEO and content programmes across WordPress, Wix and custom-built sites. Builds GA4- and Search Console-based reporting frameworks that turn performance data into clear, actionable recommendations for stakeholders, and applies working knowledge of AI-driven search (SGE, GEO, AEO) to keep campaigns ahead of how search behaviour is changing. Comfortable owning strategy and budget pacing with minimal oversight across distributed, cross-functional teams.

CORE SKILLS

Campaign Management & Paid Media: Google Ads, Meta Ads Manager, campaign planning & activation, budget pacing, audience targeting, A/B testing, conversion tracking, ROI optimisation

Analytics & Reporting: Google Analytics (GA4), Google Search Console, Meta Insights, performance dashboards, client-ready reporting, translating data into recommendations

SEO & Technical SEO: Technical/On-Page/Off-Page SEO, site audits, schema markup, keyword & content-gap research, internal linking & crawlability, Core Web Vitals, Rank Math (WordPress)

Content Strategy: Content briefs & calendars, topic clusters, semantic search & intent mapping, B2B content systems

Project & Stakeholder Management: Primary marketing point of contact for client accounts, cross-functional coordination, briefing creatives and strategists

Platforms & Tools: GoHighLevel, SEMrush, Moz, Majestic, Ubersuggest, Google Trends, WordPress (Rank Math), Wix, HTML/CSS, Klaviyo, Mailchimp

AI & Technical Fluency: Python (Pandas, NumPy), SQL, NLP, transformer models — applied to AI-search-era marketing workflows

PROFESSIONAL EXPERIENCE

Digital Marketing Specialist — Amplify Marketing Agency LLC

Nov 2025 – present · Full-Time · Virginia, United States · Remote

- **Owned integrated campaign delivery** as primary marketing point of contact for company-owned brands and multiple client accounts, coordinating search, social and on-page work against agreed goals.
- **Directed paid media budgets and pacing** across Google Ads and Meta Ads Manager, including a Meta Ads campaign that generated 23 qualified leads in 3 days, alongside Klaviyo email/SMS programmes.
- **Built analytics and reporting frameworks** using GA4 and campaign data, translating raw performance data into clear, actionable recommendations for stakeholders.
- **Ran technical SEO and publishing operations** across three platforms: WordPress (Rank Math), Wix and a custom HTML/CSS site, maintaining crawlability, structure and brand consistency.
- **Optimised Google Business Profiles** to strengthen local search visibility for client businesses.

Freelance Digital Marketing & SEO Strategist — Generation Ghana

May 2025 – Oct 2025 · Remote

- **Planned and managed paid social campaigns** (Facebook/Instagram) for small-business clients, driving increased website traffic and engagement.
- **Tracked and analysed performance** using Google Analytics and Meta Insights to guide campaign strategy and budget decisions.
- **Led content creation and scheduling** across Instagram, LinkedIn and Facebook to grow organic audience reach, alongside hands-on SEO optimisation that improved organic rankings.

Machine Learning Engineer (Intern) Thrive Africa — Future of Work

Sep 2025 – Dec 2025 · Remote

- **Analysed data and model performance** to improve accuracy and decision-making, collaborating with technical teams to deploy real-time ML solutions: direct precedent for applying data and AI to campaign and search workflows.

ADDITIONAL EXPERIENCE

District Nutrition Officer / Public Health Officer, Ghana Health Service

2021 – 2025

- **Led implementation and monitoring of national health programmes**, developing SOPs and coordinating across stakeholders — transferable project-management and stakeholder-communication experience.

SELECTED PROJECTS

- **B2B Content Strategy & SEO Growth System (M-KOPA case study)**: Designed a scalable B2B SEO/content strategy with competitor and keyword-gap analysis and a 90-day execution roadmap targeting high-intent, bottom-of-funnel keywords.
- **SEO Optimisation & WordPress Development (GH Wheels)**: Designed and built an SEO-optimised WordPress site, improving crawlability, indexation and site speed.

EDUCATION

BSc. Public Health (Community Nutrition) — University for Development Studies, Ghana (2016)
